Postal Regulatory Commission
901 New York Avenue NW, Suite 200

Dear Mr. Ruble:

In connection with the Commission's rules pertaining to periodic reports, I have enclosed copies of updated First-Class Mail billing determinants for Fiscal Year (FY) 2014. I have enclosed computer discs with machine-readable versions of this information. The updated billing determinants are public and may be posted on the Commission's website.

Last year, the Postal Service's Office of Inspector General (OIG) conducted a self-initiated audit of the Postal Service's Market Dominant billing determinants for First-Class Mail (OIG Project Number 15TG005CP000). The objective of the audit was to assess the completeness and accuracy of these billing determinants. During the audit, the OIG focused on billing determinants for FY 2103 and FY 2014.

In its report (<https://www.uspsoig.gov/document/market-dominant-billing-determinants-first-class-mail>), the OIG stated that it did not find any issues with the completeness of the billing determinants. It did, however, identify some errors and inconsistencies. Based on the OIG recommendations, Postal Service management agreed to make changes, and to provide an update of the FY 2014 First-Class Mail billing determinants.

The updated information is contained in the accompanying spreadsheet. The initial correction is highlighted in yellow.

If you have any questions regarding this report or the discussion above, please call.

Sincerely,
